

Exam Instructions for NISM Remote proctored examinations (Windows OS + Webcam + Microphone User):

1. NISM Remote proctored examinations are conducted in online mode where candidates will be monitored virtually online by a live proctor. Kindly ensure to have a working webcam and microphone on your computer system. Each participant should abide by rules and regulations shared. You need to click your photograph and show your identity card through the webcam.
2. All candidates will receive an exam invitation with the link to START TEST and check SYSTEM COMPATIBILITY in a separate email from NISM. In case email is not received Candidates must check spam or junk folder.
3. Once you start the examination, the designated proctor will monitor your progress of the exam and the activities on your laptop/desktop screen in real-time. In the event that the proctor believes that you have done some suspicious activity, the proctor may issue a warning and pause your examination and ask you to provide additional information such as asking you to provide a 360-degree view of the examination surroundings.
4. The proctor can also terminate your examination if the instructions are not adhered to, you may or may not be provided with warning/s before your examination is terminated.
