PHYSICAL INFRASTRUC- TURE OF NISM CAMPUS AT PATAL- GANGA

National Institute of Securities Markets (NISM) is a public trust established in 2006 by Securities and Exchange Board of India (SEBI), the regulator of the securities markets in India. The Institute carries out a wide range of capacity building activities at various levels aimed at enhancing the quality standards and increase the participation in the securities markets. The Institute's six schools of excellence work in synergy towards professionalizing securities markets participants.

To fulfill its objectives, NISM has constructed a state of art sprawling campus with a serene environment on plots of land admeasuring about 72 acre allotted by Maharashtra Industrial Development Corporation (MIDC) at Patalganga (about 70 Kms. from Mumbai), Distt. Raigad, Maharashtra. This picturesque campus offers full time residential academic programmes for post graduate students, short term training programmes and faculty development programmes for market participants.

The campus has an integrated design which creates a desirable sense of place and reflects appropriate scale, image, functionality and integration of physical environment comprising of structures and open spaces. The structures and landscape areas promote a sense of community derived from actively shared spaces providing enriching experiences of both planned and chance encounters.

It is a green, energy efficient and environment friendly campus. The campus is centrally air-conditioned with highly efficient chiller plants, has high efficient T-5 & LED Luminaries and sewerage treatment plant (having zero water discharge from campus). The re-cycled water is used for landscaping and air-conditioned make up water. The campus also has provision for solar power generation, solar lighting and organic waste processor.

The campus has a potential of accommodating 5,000 students. However, at present, it has been developed for around 1,000 students. The balance development is planned in a phased manner. The total built-up area in the present development is around 7,00,000 sq.ft.

It is a residential campus having facility of hostel rooms (consisting of 100 rooms on single occupancy for Senior Executives and 400 rooms on double occupancy for students), class rooms (1,300 persons), break out / meeting rooms and an auditorium for accommodating 400 persons. In addition, the campus has facilities of Board Room (with video conferencing and wireless presentation systems), administrative offices, library, dining halls, amphitheater (1,000 persons), recreation block, simulation lab, language lab, computer center, etc. The recreation block has indoor facilities of Badminton, Squash, Table tennis, fully equipped Gymnasium, Yoga cum meditation room and outdoor Semi Olympic size swimming pool, etc. The campus has covered connectivity among most of the blocks and is well designed for differently abled. All the classrooms have been provided with state of art Modern Audio Visual systems which include short throw projection system, speakers, microphones, projection screen, writing board, document camera, etc. The auditorium and some of the classrooms have recoding facilities for lectures which can be recorded and transmitted in the campus on LAN (simultaneously as well as viewed later).

Apart from the above, the state of art facilities include Centralized Air Conditioning System for entire campus, Automated Fire Safety Features, Integrated Building Management system, IP based CCTV & Surveillance system, Full D.G backup, Wi-Fi system, latest IT infrastructure.

The campus was inaugurated by the Hon'ble Prime, Shri Narendra Modi on December 24, 2016.
