## Message from the Director

Dear Recruiters,

I am happy to present the fourth batch of LL.M. students (2023-2024) of the National Institute of Securities Markets (NISM). The Masters programme in Investment and Securities Laws is a joint initiative of NISM and Maharashtra National Law University (MNLU), Mumbai, launched to create a specialised cadre of legal professionals in the corporate, securities, banking, insurance, competition and insolvency areas with greater focus on securities and investment related laws.

Given the growing importance of financial-corporate-insolvency laws, this group of 50 plus professionally skilled lawyers will be of ready to perform critical roles in organisations - companies, law firms, mutual funds, proxy advisors and so on. They are well trained on the nuances of the legal-financial function. They have been tutored by a mix of academicians and practitioners in the industry, legal professionals and officers from the regulatory

domain.

This brochure gives you details of their experience and skills. These professionals will be assets to every organisation they will be part of.

I strongly recommend them to be part of your organisation.

**Mr. Ashwani Bhatia**

Director, NISM

## Message from the Program Director

I would like to invite you to participate in the placement process of our LL.M. students of the one-year LL.M. Program in Investment and Securities Laws, which is jointly offered by Maharashtra National Law University, Mumbai (MNLU), and the National Institute of Securities Markets (NISM). Our mission is to educate and train legal professionals for the financial markets. We endeavor to develop the knowledge and skills of our students through regular classes, research projects, and industry interactions conducted by senior academicians and industry experts. We assist them in developing their communication skills, soft skills, and the art of interpretation through various leadership series lectures, conferences, and workshops, including specially designed workshops.

Our curriculum trains students to think broadly about the issues in the field of investment and securities law, use the latest research and case studies to explore solutions from various points of view, and think creatively. Students are trained to write a good research report on contemporary legal issues in investment and securities law by capitalizing effectively on cases, best data, and ideas. As a part of our program, we also provide the necessary software training related to securities trading and data analysis. Our academic curriculum and practical exposure make them market-ready for various legal and compliance roles. Our past recruiters have found our student's knowledge and skills to be valuable and have benefited from them.

I take this opportunity to welcome you to NISM and provide an opportunity for assessment of our student's suitability for a job in your esteemed organization. I believe that our LL.M. Students have the potential to excel in your organization.

Best wishes!

**Dr. Rajesh Kumar**  
Professor & Program Director (LL.M.)

Assistant Professor, MNLU

*\*Relinquished position recently on account of assuming charge as Chairperson, Maharashtra Real Estate Appellate Tribunal*

## About NISM

---

In the budget speech of February 2005, the Honorable Union Finance Minister announced that Securities and Exchange Board of India (SEBI) should establish an Institute to undertake securities markets education and research. In pursuance of this mandate, SEBI established the National Institute of Securities Markets (NISM), in 2006, as a Public Trust under the Bombay Public Trusts Act, 1950.

NISM is an Institute of higher learning with the vision of capacity and capability building in the field of securities market and disseminating knowledge through long term and short term programs via technology driven initiatives in hybrid modes and through e-learning programs.

NISM has been carrying out a wide range of activities aimed at enhancing quality standards in the securities markets and for increasing participation therein, addressing various stakeholders of securities markets.

NISM offers a bouquet of uniquely positioned programs, executive trainings, conferences, e-learning programs, certifications and investor education activities as per the market needs. The primary focus in these programs is on 'skill development' that prepares aspiring professionals with well-rounded and holistic understanding of the markets and equips existing professionals with expertise in various functional domains like operations, legal, audit & inspection, surveillance, regulatory, investor grievance, compliance, etc.

NISM also collaborates/tie-ups with educational institutions, Market Infrastructure Institutions, market intermediaries, regulators, issuers, market participants etc. for developing and delivering programs of various types to help professionalize the market. NISM is currently in the process of enhancing the reach of its programs in order to cover a larger audience and to touch every part of the country.

## About the Program

### LL.M. (Investment and Securities Laws)

National Institute of Securities Market (NISM) in collaboration with India's premier law university, Maharashtra National Law University, Mumbai (MNLU) is offering this LL.M. in Investment and Securities Laws. This specialized LL.M. program offers full-time, intensive academic training in the legal regulation of securities and investments in India and intends to provide the best legal professionals for the Financial Market.

This course offers an introduction to the three most important securities laws: The SCR Act of 1956, SEBI Act of 1992 and the Depository Act of 1996. In line with NISM's mission for academic excellence, the course offers a depth of background in laws related to finance, corporate and securities market. The course also offers practical SMART lab training to the students for better understanding of the various processes and use of the technology in the securities markets.

This LL.M. course in Investment and Securities Laws is for those Lawyers who want to sharpen their skills and learn the tools to be an effective business lawyer through dedicated enhanced interdisciplinary legal and securities market education for the academic community, as well as for experienced legal and business practitioners related to financial markets.
